J.A. Steel Films!

Visit J.A. Steel Films!

director and actress J.A. Steel on set of Denizen.

FOR THOSE OF YOU WHO LOVE SCI-FI/THRILLER/ACTION/HORROR ALL IN ONE!!!!

Co-Producer Christian Koch speaks about Warrior Entertainment's latest film, Denizen (2010)

CHRISTIAN KOCH speaks:

We have been very busy to get the teaser as well as the Kickstarter campaign for our upcoming feature BLOOD FARE running before several meetings at the San Diego Comic Con last week.

Regarding DENIZEN, the Plot of the film is: Peace gets shattered in a small town, when suddenly a mysterious creature starts to leave a bloody trail. The last hope for the residents to fight the terror and prevent the destruction by military forces rests on the courage and the resourcefulness of a small group of scientists. Starring Julie Lisandro (Cheerleader Massacre), Glen Jensen (Fingerprints, Soul's Midnight), Ben Bayless and Jody Mullins. According to B-Movie Man Nic Brown, "Steel combines A-list stunts and special effects with the independent B-Movie genre, to bring a fun and engaging movie experience to sci-fi fans everywhere." The film spans the hemisphere from Muskogee, Oklahoma to Salt Lake City, Utah to Playa del Carmen in Mexico; with the stunts ranging from skydiving to cave diving, something rarely seen in an independent feature, reflecting Steel's real life hobbies of Muay Thai kickboxing, cave diving, motorcycle riding, firearms and edged weapons.

Steel brought back a tough motorcycle riding main character in form of Sierra Deacon as the DENIZEN protagonist. It is Deacon's team, consisting of the highly skilled scientists Dexter Maines (Ben Bayless) and Dallas Murphy (Jody Mullins), which has to support the locals, led by Callie Calhoun (Julie Lisandro), to save their town from the creature, which is killing the residents. After several deaths, a special Army Unit, led by General Jernigan (Glen Jensen), is called in to contain the creature, or if necessary, destroy the town. It is a race against time, to stop the creature and prevent the town from being destroyed. Steel is a director, producer, actor, videographer, editor, fight choreographer and stunt person, in addition to writer and composer....and even a distributor....a unique figure in Hollywood, who has not let her gender stand in the way of what she wants to accomplish.

Director J.A. Steel's award winning horror-action shocker is available on DVD and

Blood Fare (2011)

A few weeks ago we have started pre-production of the fourth J.A. Steel feature, the modern Civil War ghost story, BLOOD FARE. To give the fans an opportunity to get involved and raise a part of the budget we launched the "Campaign of 1861" on Kickstarter. We chose \$1,861 because it was the year that the Civil War started, but would also provide us with being able to feed our cast and crew for a five day shoot & location fees.

We are proud to have been able to add Scottie Edward Meek to the cast of BLOOD FARE. An on set dresser for HIGH SCHOOL MUSICAL 2 who broke out with his acting debut in the Miranda Cosgrove starrer WILD STALLION will be playing the role of Civil War Corporal Henry Trout. International action star, Kim Sønderholm, fresh off appearing alongside of Eric Roberts in WESTBRICK MURDERS with the experience of starring in over 100 films and TV series joins the BLOOD FARE cast as Professor Malick, a Civil War historian.

A star radio DJ in the Salt Lake market, Marcus Intheam, is still swirled with rumors that he will play himself in BLOOD FARE and die a gruesome death ... Stay tuned on this one! Several more actors will be announced soon. We will start principal photography with filming the Civil War skirmish on August 13th.

BLOOD FARE - Every soul has its price. Corporal Henry Trout fought valiantly in the forgotten skirmish of the Lethe Confluence during the Civil War. The year was 1861. In 2011, he will come face to face with his descendants as the battle for blood begins. Tyler and her brother Chad, Henry's fifth generation grandchildren, will challenge the very legend of Charon the Ferryman, as the lines between the living and the dead become blurred.
