Blood Fare - Horror Film Preview

Am doing some admin at the moment and catching up with all the emails I have been sent. One email was about a film called Blood Fare.

Blood Fare is described as a civil war ghost story with a modern twist. From the press release and the trailer it seems that the main characters ancestor was killed during the civil war, upon his death he did not have money to pay the Ferryman who transports the dead to the afterlife and so a curse was placed on his blood line which equates to a grim reaper looking figure chasing young people through woods.

The acting seemed of a low standard but it is hard to tell just by watching a two minute trailer. To be honest I have seen enough 'psycho chasing people through woods' films to last me a lifetime, maybe this one is different. It does have special effects by Chris Hanson (did special effects for Hellboy, Underworld, Men in Black) and features some established actors such as Gil Gerard (played Buck Rogers in the
